## EXPERIENCE

### SAPIENT NITRO

Santa Monica, CA  
04/2014 – Present

#### SENIOR EXPERIENCE DESIGNER

Concept and design interactions for responsive web redesigns. Produce low fidelity wireframes, clickable prototypes, annotations, and functional specifications. Completed projects for a hotel chain in Las Vegas, a major electronics distributor/manufacturer, well known coffee label, a clothing label, a vision insurance provider, and an investment firm.

### FREELANCE/CONSULTING

Los Angeles, CA  
03/2014 – 03/2014

#### UX DESIGNER

Solve problems by developing concepts with sketches, wireframe low/high fidelity mockups, and written functional specification for experiences on the web and iOS/Android native platforms.

### DIRECTV

El Segundo, CA  
01/2013 – 01/2014

#### CONTRACT UX DESIGNER

Collaborated with content strategy, web development, engineers, product owners and visual designers to design feature updates and create a harmonious experience across the DIRECTV ecosystem of applications on Web and iOS/ANDROID platforms.  
Worked in Agile software development cycles to design new and existing features for a responsive website then iterate based on user research and stakeholder reviews.

### TRADEYA.COM

Los Angeles, CA  
08/2012 – 12/2012

#### USER EXPERIENCE DESIGNER

Conducted research for competitive landscape, developed concepts with sketches, designed low/high fidelity mockups, and wrote functional specification for an onboarding experience on the web and the company's first iteration of a native iOS app.

### MASHON.COM

Los Angeles, CA  
10/2008 – 08/2012

#### VISUAL/USER EXPERIENCE DESIGNER

Conducted research for market analysis, developed concepts with sketches, built wireframes, and wrote annotation for e-commerce experiences. Collaborated with creative director to design e-commerce landing pages for various clients, from wireframe/ sitemap to live launch.
